Not only are most of our administrative processes now digital and cashless including our admissions, Gujarat University is also now the top contributor to the startup and innovation ecosystems of the state.

Gujarat University Startup and Entrepreneurship Council (GUSEC) has been established to nurture and support innovative ideas of University students, whereas the Gujarat University Placement Cell has been established to usher in a coherent placement policy for all the students of the University. Infrastructure developmental works worth more than Rs. 140 crores are currently under construction at the University campus to bolster academic and research activities and further encourage students to spend more time towards research and innovation.

The School of Sciences is one of the most important Schools of the University, not only because science is a very important field of study for the advancement of mankind, but also because the School has been the one of the top performers in terms of academics, research and extracurricular activities in the University.

The School offers 29 different courses and this booklet highlights detailed information about each course to help you decide your further academic journey.
