This **online image optimizer** uses a smart combination of the best optimization and lossy compression algorithms to shrink JPEG and PNG images to the minimum possible size while keeping the required level of quality.

Upload up to 20 images. Wait for the compression to finish. Click thumbnails in the queue for quality setting. Use the slider to control the compression level and mouse/gestures to compare images.

Click on "UPLOAD FILES"
Button

The screenshot shows the main interface of the Optimizilla website. At the top, there are two buttons: a teal "UPLOAD FILES" button with a folder icon and a red "CLEAR QUEUE" button with an 'x' icon. Below these is a horizontal queue of image thumbnails. The first thumbnail is titled "PHOTO.png" and shows a preview of an image with a blue "PRO" badge and a "-68%" compression percentage. Below the preview is a yellow "DOWNLOAD" button. A large purple arrow points from the text "Your file display here" to this first thumbnail. At the bottom of the interface, there is a grey "DOWNLOAD ALL" button with a checkmark icon. The entire interface is set against a light blue background.
